Patchwork

How to start

...with your patchwork embroidery.

* Trace the patchwork pieces including all markings on to a tracing paper and cut out.

* Using the traced templates, cut out the pieces from fabric, a 1 cm (3/8") seam allowance included.

NOTE!

All fabric patchwork pieces need to be cut with the right side up.

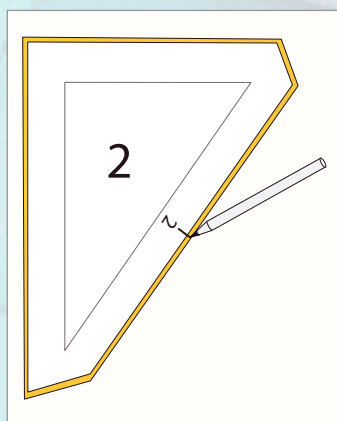

Illustration #1

Transfer all markings from the templates on to the fabric.

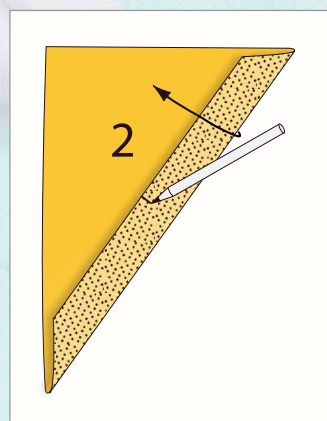

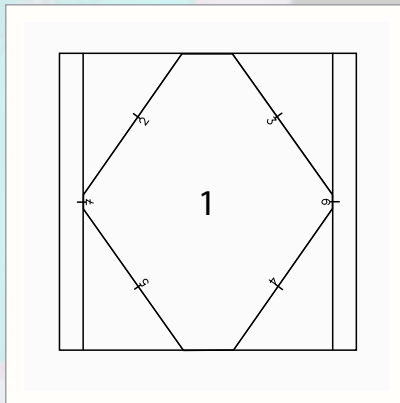

Illustration #2

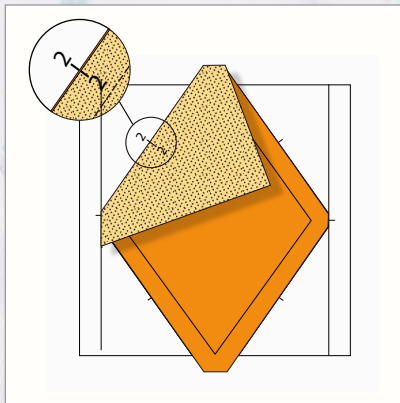

Transfer the alignment markings to the wrong side of the fabric.

Step by step

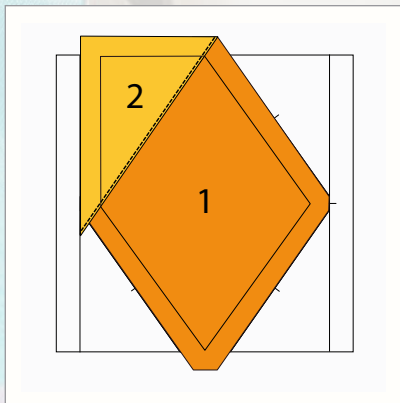

Step 1

Embroider color #1. This color block will embroider guidelines with alignment markings for all pieces in the design.

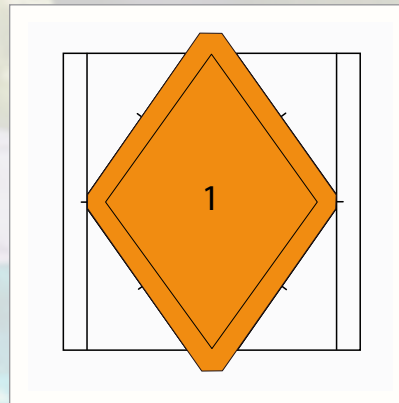

Step 3

Place piece #2 on top of piece #1, right sides together. Match the alignment marking on piece #2 with the stitched guideline and alignment marking for #2 from step 1. Embroider color #3.

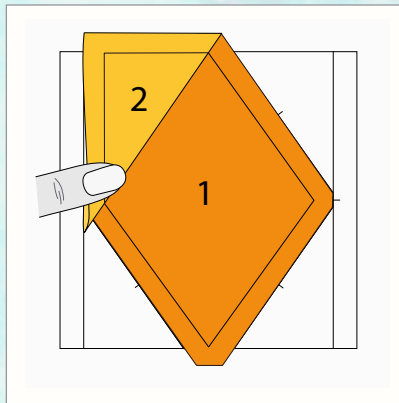

Step 5

Color block #4 will embroider the topstitching.

Step 2

Add piece #1 inside the marking for #1 right side up. Embroider color #2.

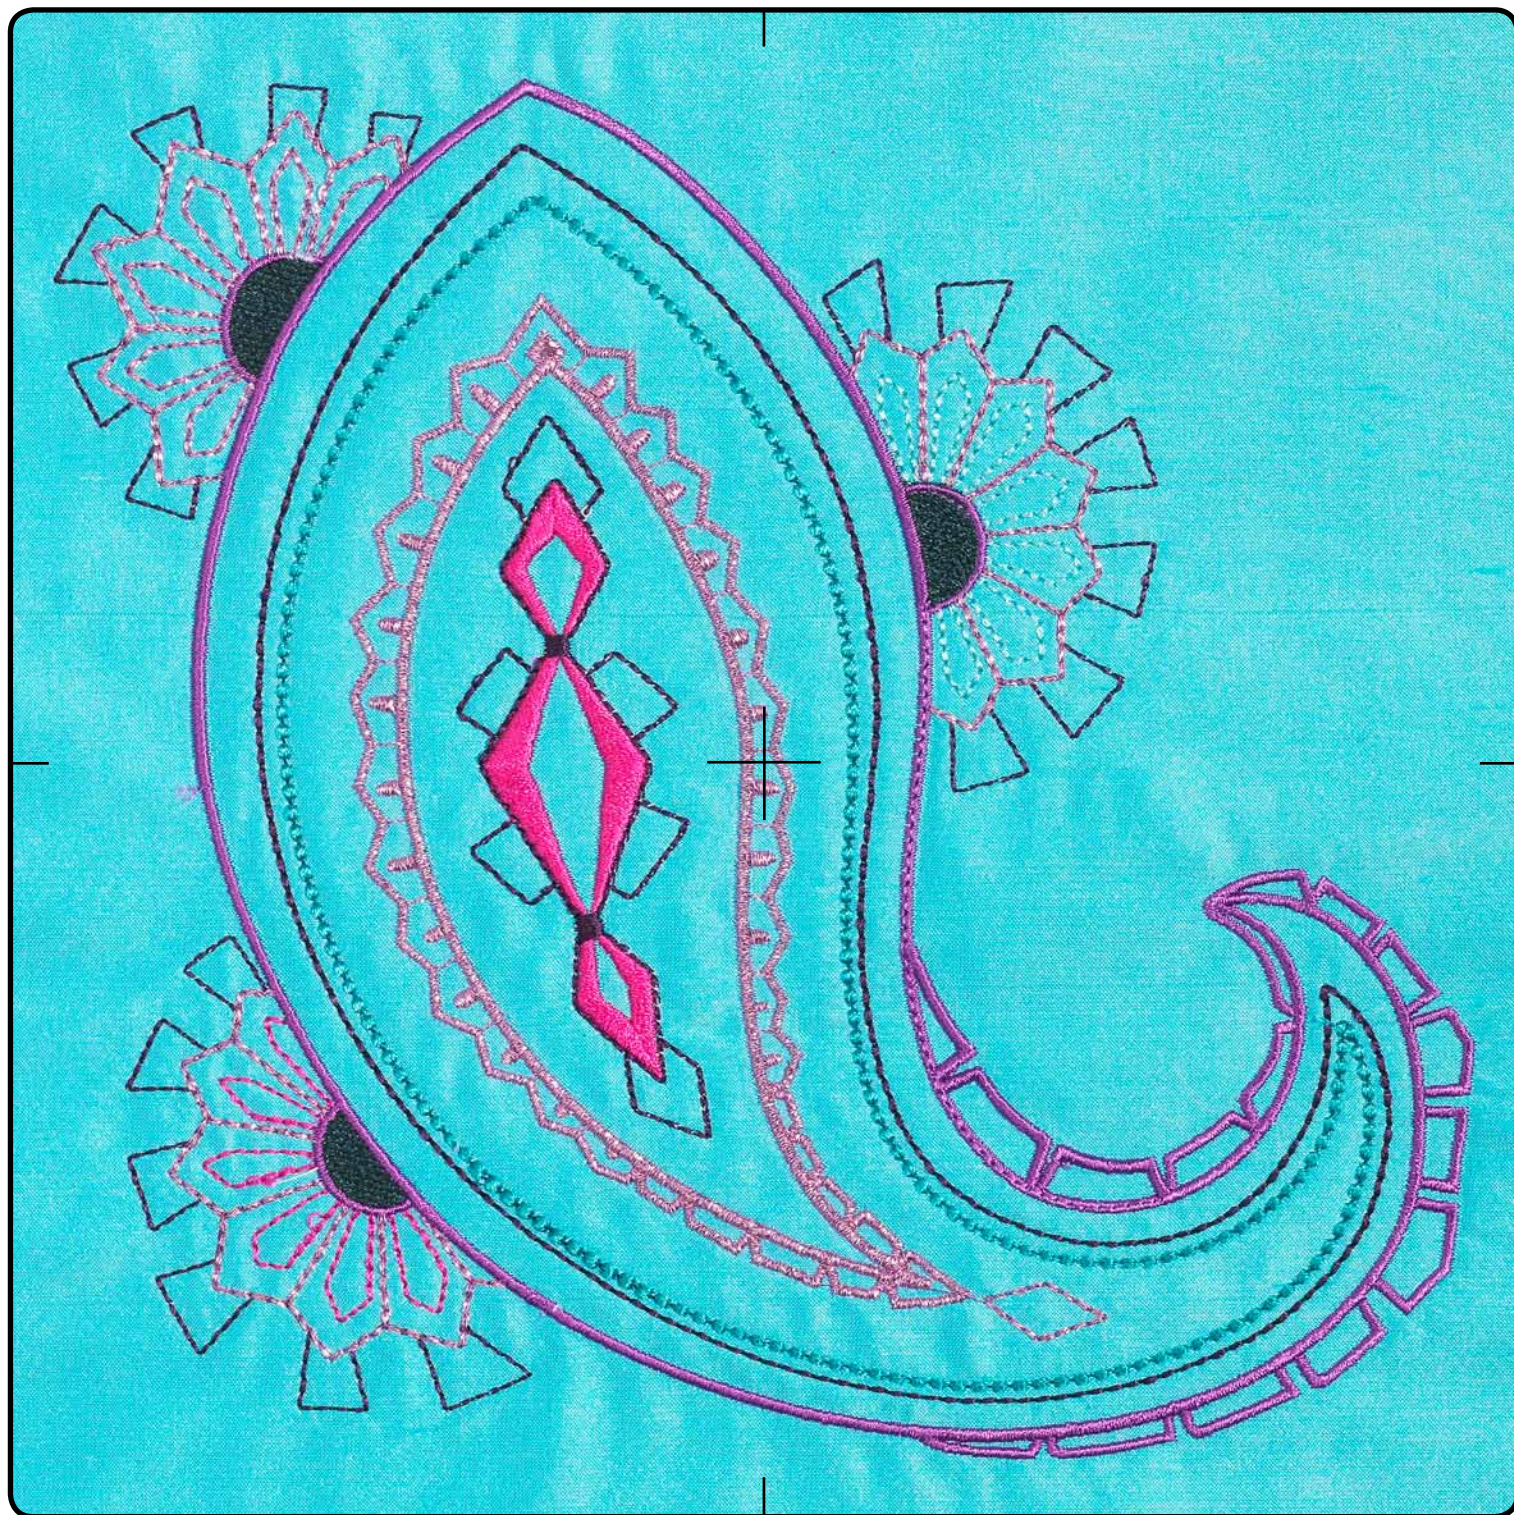

Step 4

Fold right side up and finger press the fabric over the stitching.

Step 6

Repeat steps 3-5 to add remaining pieces, and you will have a beautiful patchwork design.

The last color in the design will embroider a frame around the block to keep the pieces in place.
