

HOW TO MAKE AN ANGEL

All designs are shown in with their number.

Embroider design #1 three times using the 360x200 hoop.

Embroider design #2 once using the 200x200 hoop.

Embroider design #2 once mirrored using the 200x200 hoop.

Embroider design #3 once using hoop 200x200.

We have used bobbin thread in the bobbin.

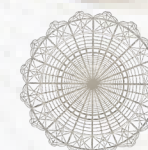

#1 Body

#2 Wing

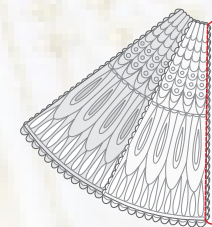

#3 Head

Soak all embroideries in lukewarm water for 3-5 hours (some stabilizer residue will remain). Stretch into the correct size.

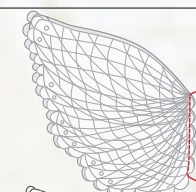

Sew the pieces together starting with design #1.
Sew along the sides inside the small loops. III #1
Spray the body with spray starch.

III #1

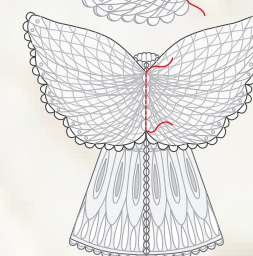

Spray the wings with spray starch lying flat.
Let the spray starch dry before you start sewing
Sew the wings together inside the loops. III #2.
Stitch the wings onto the body. III #3

III#2

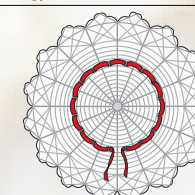

III#3

Thread a ribbon through the holes in design #3. III #4

III#4

To create the head for the angel, place fiber fill in the center of the embroidered lace circle (design #3). Gather the lace around the fiber fill by tightening the ribbon. Tie to secure. Place the head (design #3) on top of the body and join the pieces together with some small hand stitches. III #5

Enjoy!
