Charm Pack Gift Box

These charm pack boxes with pre-cut fabric squares make a perfect gift for quilting friends. The boxes have two different cut-out designs, showing the fabric inside. The cut file makes 12 squares 5" x 5" from a fat quarter fabric piece. Cut as many different fabrics as you like and mix and match in packs, around 48 fabric pieces in each box. Finished size of the box is approximately 5" x 5" x 3/4" (13 cm x 13 cm x 2 cm).

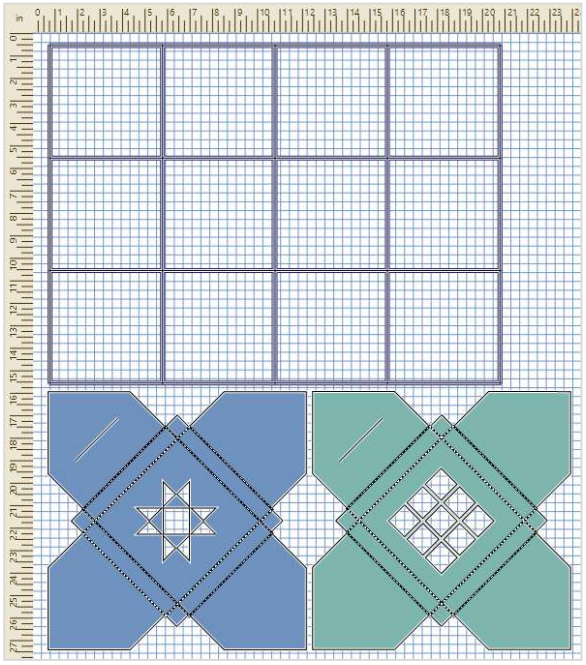
Directions

1. Open the project in Canvas. Go to the Output Menu and press Send to Machine. Place the Fabric on the Fabric Grip Mat. Use a Brayer to help adhere the material to the cutting mat. With the Rotary Blade in the right carriage, follow the steps to cut the fabric on your craft cutting machine. Repeat the cut for as many fabric pieces as you like to cut.

   Note: When using more than one material, check all settings and customize inputs for your mat size, material type, material size, and arrangement of pieces before selecting next to begin cutting each layer.



2. Place the cardstock on the Light Grip Mat. Change to the Scoring Tool and follow the steps to score the cardstock, then change to the Basic Blade and cut the box on your craft cutting machine.

3. Gently remove the cardstock from the mat. Fold along the scoring lines. Use the Scraper Tool to make the folds sharp.

4. Make a neat pile of fabric squares, approximately 48 pieces. Place the pile with the right side of the fabric facing down. Fold the sides in, then the top and bottom. Insert the last tip into the slot to close the box. Add a sticker to lock.
