

# Gamer's Coffee Mug

Coffee, or gaming? Coffee!!! Make a coffee mug for yourself and your gaming friends. The finished size of the decal shown is approximately 3" x 2<sup>3</sup>/<sub>4</sub>" (8cm x 7cm). The decal size is adjustable so you can create it to fit your mug.

## What you need

- Mug (with straight sides, not curved or rounded)
- Permanent Vinyl (Beige)
- Transfer Tape
- Standard Grip Mat 12" x 12"
- Basic Blade
- Weeding Tool
- Scraper

## Directions

1. Open the project in Canvas.
2. Go to the Output menu and press Send to Machine. Place the vinyl on your mat. Follow the steps to cut the vinyl on your crafting machine.

3. Use a Weeding Tool to weed the vinyl and remove the negative bits.
4. Cut a piece of Transfer Tape slightly larger than the finished design.
5. Before you apply the vinyl design to your mug, make sure the surface is clean and dry. Peel off the backing paper from the Transfer Tape. Place it over the vinyl design and use the Scraper Tool to burnish into the vinyl.
6. Peel the vinyl liner away from the Tape and design, making sure all vinyl is transferred to the Transfer Tape. Place the design onto the mug and use a Scraper Tool to help apply the vinyl. Peel off the Transfer Tape.
